Mining and Energy

## HELPING YOU MEET YOUR COMPLIANCE REQUIREMENTS.

Local, state and federal legislation requires the inspection of a Fauna Spotter Catcher/Rescuer during land clearing or vegetation removal.

## BROAD EXPERIENCE IN TERRESTRIAL AND AQUATIC FAUNA MANAGEMENT.

Our team of experienced Fauna Spotter Catchers has worked on diverse projects including road infrastructure, pipelines, mining, construction, civil works, urban development and even domestic fauna management. We have broad experience in all aspects of terrestrial and aquatic fauna management and will tailor a wildlife management plan around your needs.

## Our Qualifications, Compliance and Resources

- Qualified and licensed to handle all animals including koalas, EVNT listed species, kangaroos, magpies, venomous snakes, and fish
- Australian Bat Lyssavirus (ABLV) vaccinated to handle bats and flying foxes
- Workcover-accredited Venomous Snake Handler qualification
- Current Rehabilitation Permit (Spotter Catcher) with the Department of Environment and Science
- Comprehensive inventory of equipment including remote 4WD vehicles, unmanned aerial vehicle, quad bikes and safety gear
